

MSL's ACT COVID Safe Guidelines

Welcome to Gloria McKerrow House. All visitors are asked to review the displayed questionnaire and to sign in with their contact details.

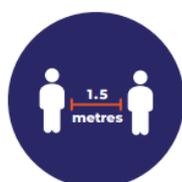

Please use hand sanitiser on arrival and departure and respect other visitors, volunteers and staff by maintaining physical distancing observing a distance of 1.5 metres.

To ensure we stay safe and avoid spread of COVID-19 our COVID safe plan requests the following:

Use QR code to sign in

On arrival to Gloria McKerrow House, please use the **Check In CBR app** to log your attendance or sign in manually if you cannot use the app.

Physical distancing

Ensure you are mindful of physical distancing requirements. We have signage to assist with this and helps us maintain one person per 2 square meter rule.

Hygiene practices

Maintain good hygiene. We have hand sanitiser available so please use on entry and as you depart the premises. Also, be mindful of coughing and sneezing etiquette. Use hand sanitiser on entry to the kitchen and when exiting kitchen.

COVID Symptoms

If you do not feel well or become unwell, please return home and get tested.

COVID safe cleaning

Follow COVID safe cleaning requirements by using sanitising wipes to clean shared equipment and high touch areas. This will include wiping over coffee machine, fridge, dishwasher, benches, chairs, tables, handles and switches. Also, ensure all kitchen crockery and utensils are washed in the dishwasher.

Shared spaces

The **kitchen** is now open and ready to use but please make sure that:

- 1) used crockery and cutlery are placed in dishwasher for cleaning;
- 2) any spills are cleaned with paper towels; and
- 3) all surfaces, including benches, knobs, handles, switches, and appliances are wiped with supplied sanitising wipes after use.

The **activity room** is also ready for use and all surfaces including benches, tables, chairs, handles, switches and equipment are wiped with supplied sanitising wipes after use.
