## Continence assessment

### WHAT IS THE NDIS?

The National Disability Insurance Scheme (NDIS) is a new way of providing support and services for people with disability or significant impairment under the age of 65. We have a range of approved NDIS services to help support you to live well.

**CONTINENCE ASSESSMENT** is all about looking into what products, treatments and other strategies will help you take control of your continence issues.

### Some of the problems continence assessment can help address:

- difficulties sleeping
- depression
- intimacy and relationships
- problems with maintaining your social life
- difficulty maintaining employment

### THE BENEFITS

- more independence – get back to doing all the things you used to do
- better confidence and dignity
- easier to travel and work
- better sleep
- more social activities
- better general health and wellbeing

### WHY MS?

	<p><b>THE NEURO EXPERTS</b></p> <p>We have over 60 years' experience in living well with multiple sclerosis and other neurological conditions, so you don't have to explain how your symptoms can impact your everyday life and goals – we already get it.</p>
	<p><b>ACCESS MORE FREE SERVICES</b></p> <p>When you register with MS, we connect you into a whole range of other free services — including MS Connect our dedicated contact centre, education programs on everything from wellbeing to practical life skills, and we can connect you with other people living with the disease.</p>
	<p><b>YOUR DEDICATED MS CONSULTANT</b></p> <p>One of our MS experts will meet with you and your family to work out the best way to face your challenges. This is fully backed by a team of experts and clinical health professionals such as Nurses, Occupational Therapists, Social Workers, Physiotherapists and Continence experts – so we've got you covered.</p>

### How do I pay?

Continence assessment is an NDIS funded service. If you're eligible for the NDIS, you can speak to your planner about including it in your plan. If you're eligible, it won't cost you anything.

### What to ask for in your NDIS planning.

Continence assessment and training comes under:

**Activities of daily living (Individual assessment, therapy and/or training)**

**Core supports (Products)**

We can help you prepare for your planning conversation or come with you, contact MS Connect for more information.
